PROFESSIONAL SUMMARY

Information Science Engineering student with strong foundations in full-stack development and machine learning. Experienced in building web applications, backend systems, and data-driven solutions through academic projects and internship exposure. Demonstrates practical exposure through government internship experience and competitive technical participation.

TECHNICAL SKILLS

Programming Languages	Java, Python, C, JavaScript
Web Technologies	HTML, CSS, React.js, Node.js, Express.js
Databases	MySQL, MongoDB, SQLite
Tools	Git, GitHub, VS Code
Core Concepts	Data Structures, OOP, DBMS, Operating Systems, REST APIs
Soft Skills	Leadership, Adaptability, Problem Solving, Team Collaboration, Critical Thinking

EDUCATION

B.E. – Information Science and Engineering	2023 – 2027
Atria Institute of Technology, Bengaluru	
CGPA: 8.2 / 10	

INTERNSHIPS

Web Development Intern (PHP & MySQL)	Aug 2025
<i>Microwave Tube Research and Development Centre (MTRDC), DRDO, Bengaluru</i>	
- Developed backend modules using PHP and MySQL for internal web applications. - Implemented CRUD operations, authentication mechanisms, and server-side validation. - Worked with relational databases and optimized database queries. - Assisted in testing, debugging, and technical documentation.	

PROJECTS

Smart Hydroponic System	<i>IoT, Sensors, Microcontroller, Python</i>
- Developed an IoT-based system to automate and monitor plant growth conditions. - Integrated sensors to track water level, temperature, and nutrient concentration. - Designed microcontroller-based control logic for automated water and nutrient supply. - Improved monitoring efficiency through real-time sensor data collection.	
Book Recommender System	<i>Python, Scikit-learn, Pandas</i>
- Built a recommendation engine using collaborative filtering techniques. - Processed and analyzed datasets using Pandas to improve recommendation accuracy. - Developed an interface for personalized book recommendations. - Enhanced recommendation quality through data preprocessing and analysis.	

ACHIEVEMENTS

Google Student Ambassador Program	Jan 2026
Winner, UXVERSE – UI Design Competition	May 2025
Selected for Web Development Internship at DRDO (MTRDC)	Aug 2025
Participant, Smart India Hackathon (SIH)	2024

CERTIFICATIONS

Software Engineering – Infosys Springboard	Aug 2025
Programming in C – Infosys Springboard	Sep 2025
DevOps Fundamentals – Infosys Springboard	Nov 2025

EXTRACURRICULAR ACTIVITIES

- Volunteer, Project Chittoor – Shiksha Abhiyan Initiative (80 Hours)
- Active participant in entrepreneurship and innovation activities at Atria Institute of Technology.

AREAS OF INTEREST

Full Stack Development, Backend Development, Web Technologies, Software Engineering, Machine Learning
